Richard Suttle

Austin...Now...Full Throttle!

The who, what, where, when, and why of Formula One racing. Come hear from local attorney for F1 Racing Richard Suttle and learn how significant this world acclaimed racing venue and events will impact Austin and Central Texas at our CTCAR luncheon.

The May 25 announcement that Austin will become the new U.S. home to the world's top motor sport was more like yelling "Austin... Start Your Engines" and the anticipation of cash flow jingling in Austin's pockets.. To hit the upcoming proposed June 2012 deadline requires the F1 project team, the city of Austin, the state, and the community to rapidly engage one of the most complicated engineering projects Travis County has ever seen.

There are only four global sporting events in the world: the World Cup, Olympics, the World Games, and Formula One. It doesn't matter whether you like those sports or not; it's a fact now... that Austin/Central Texas has arrived on the global scene of major sporting events.
